Daniel J Heinsch

952-250-1971   dheinschj@gmail.com   Watertown, Minnesota

Education

Cornell College · Mount Vernon, IA · Graduate in May 2021
GPA · 3.14

BA	**Computer Science**	**GPA · 3.48**
BA	**Data Analytics**	
Minor	**Applied Statistics**	

Objective

Outgoing and determined computer science & data analytics graduate seeks an entry-level position where I can use my software and analytics skills to aid with developing and testing applications and software.

Portfolio Project *In progress*

I built this AWS hosted site which contains all of my notable projects and scripts that I have created over the years while I attended Cornell College. Additionally, it contains web apps as the main feature of the Site.

Features
· Developed in Django
· Eventual backend-frontend (React) split connected through REST
· Paginated model lists for projects and updates
· User registration with login / logout capabilities
· Basic website security
· And more, which can be explored in the ABOUT page

`www.udantu.me`

Skills

Programming Languages	CS Tools	CS Concepts	CS Classes
Python	Postman	Web App Development	Algorithms & DS
JavaScript	IDE & Text Editors	AWS	Software Architecture
C#	Linux terminal & OS	REST API	Open-Source Development
C	GitHub	SQL DB	Machine Learning
